 - a. Motion to approve minutes as presented, motion seconded and approved.
- IV. Presidents Report
 - a. Ratification meetings – great job presenting the information. One of the questions raised was the budget, we know there are tight budgets across campus. There will be cuts within departments, which we will get through. Another comment was regarding step increases and the senior development pay. Step increases will occur. If you are at the 3.5 development pay, you will not see an increase. It gets confusing for members, they need to look at the wage tables, that is the base rate. If you get questions, and you cannot explain it, then forward that to Becky. Wage letters should be coming out soon, Becky will ask if they will be sending due to the wage freeze.
 - b. Think it is important for the Building reps to reach out to our members due to the budget cuts, retirement, asking that everyone engage with their members to let them know that you are there. If they have an issue that you want to pass to the executive board please do. Let then know how they can reach the building reps and the executive committee.
