IX. Member Relations Report

- a. We have been working with the departments that we reorganizing or merging. They have been very good with working with the contract language. CLAS is the most recent one, Michelle McCloud and Tracy are doing a good job, there are still concerns. No staff is losing their job, some positions are shifting to different departments. There are currently many unknowns, how and when the transitions will occur. Becky feels very comfortable going to them with questions. For those of you in CLAS – please let Tracy or Rhonda know so they can work through this. The merger of COE/CCPS and Health Professions is in the initial phases. They do communicate with us regarding issues.
- b. When Rhonda returns we do have some meetings scheduled with those departments to see where we can assist.

X. Building Representative Reports

- a. No added reports

XI. Old Business

- a. Do we know if all of the departments are coming back face to face in the Fall semester? All staff not just PSS. Discussion regarding the potential issues related to disparity between work groups.

XII. New Business

- a. HRO – new ePDP site through Page Up. Becky is working through this process with HRO. This is hopefully going to be implemented by 2022. This platform would be used across all job groups.
- b. Cashless campus is coming, everything from vending machines to food services.
